Media Policy

Media images and recordings of Wantirna's vibrant faith community enhance the quality of the information we provide to our members, and give visitors an idea of what to expect when they attend our church.

At Wantirna we have official photographers and like to share media items recorded at our various church activities, events and programs. This "Media Opt-Out Form" applies to the images captured by the official photographers of Wantirna that appear in church produced materials and on our social media sites.

Participation in church activities implies permission for publication of any media recorded, unless the "Media Opt-Out Form" has been completed.

No identifying information will accompany images of a person under the age of 18 including names, addresses, email addresses and/or family members' names. If an under 18 year old is wearing a name tag in a photo, the name tag will be removed using photo editing software. However, in the event that an under 18 year old is participating in a segment of the worship service where identifying the participant is appropriate, only their first name should appear in the on-screen captioning.

The "Media Opt-Out Form" does not apply for group photos in which individuals are not identifiable.
